

# BEEN INJECTED? – You NEED To Read This.

If you have been injected you've been **harm**ed, and if anyone you know was seriously injured, or bereaved, after someone having been injected with the Pfizer COVID-19 bioweapon, please watch and strongly advise the bereaved to watch the documentary film –

**“Democide on The Rock”** at [JforJustice.net/genorock](https://JforJustice.net/genorock)

After watching it, if you have been harmed or bereaved, please let us know whether you are willing to stand up and be counted to give your testimony, for a class action claim for compensation from Pfizer and others.

Also please tell your MP that you demand that all injections are halted immediately, and the prohibition of future medical tyranny of masks, lockdowns and injection mandates and unlawful legislation.

If you have been charged with victimless legislated offences, and want to fight them please check out [JforJustice.net/Challenge](https://JforJustice.net/Challenge).
